

## Arrive AI to Highlight Growth Strategy and Autonomous Delivery Platform at Two New York Investor Conferences

April 30, 2026

**NEW YORK, NY / [ACCESS Newswire](#) / April 30, 2026 / Arrive AI (NASDAQ:ARAI)**, an autonomous delivery network company building AI-powered last inch delivery infrastructure through secure, climate-assisted Arrive Points, today announced that Chief Strategy Officer, Neerav Shav, will participate in two upcoming investor conferences in May 2026: the Market Movers Investor Summit and the D. Boral Capital Global Conference.

### Market Movers Investor Summit

- Date: May 4-5, 2026
- Location: 48 Wall Street, New York City
- Format: Company presentations, one-on-one meetings, fireside chats
- Company Presentation: 5:20 pm ET, May 5, 2026

### D. Boral Capital Global Conference

- Date: May 7, 2026
- Location: The Plaza Hotel, New York City
- Format: one-on-one investor meetings

"Our momentum continues to increase as we transition from innovation to scaled deployment," said **Dan O'Toole, Founder and Chief Executive Officer of Arrive AI**. "These investor conferences provide an opportunity to highlight the growing demand for our secure, autonomous delivery infrastructure and how our platform is positioned to capture this demand across healthcare, logistics, and enterprise markets. We believe the foundation we have built positions Arrive AI to drive meaningful growth and long-term shareholder value."

Investors interested in meeting with Arrive AI management at either investor conference are encouraged to contact their representatives at the Market Movers Summit or D. Boral Capital Conference, as applicable, for additional information and scheduling details.

### About Arrive AI

Arrive AI (NASDAQ: ARAI) is building the infrastructure for autonomous logistics through a network of intelligent delivery endpoints that enable secure, asynchronous exchange of goods. The company's platform supports drones, ground robotics, and human couriers, solving the "last inch of the last-mile" challenge across logistics, healthcare, and enterprise delivery.
